1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows in order to correct clear typographical errors and does not affect the scope of the claims:

In claim 1, line 16, delete "licking" and insert in its place --locking--.

In claim 6, line 13, delete "rated" and insert in its place --rotated--.

In claim 6, line 18, delete "t" and insert in its place --to--.

In claim 10, line 25, delete "t" and insert in its place --to--.

2. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or make obvious the claimed machine gun mount. Specifically, the prior art fails to show the particular claimed pivoting structure mounted to a movable support arm of a helicopter, including a gun cradle pivotably mounted to a pintle attached to the support arm, a machine gun detachably connected to the gun cradle, magazine attached to one side of the gun cradle, a spent case and link frame and catch bag connected to the other side of the gun cradle, and means to rotate the machine gun and cradle vertically 90 degrees to a stowed position and to lock the gun cradle in the stowed position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-12 are allowed.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Trimbach et al, Maples et al, Sanderson, and Bilger are cited as being of interest since they disclose machine gun mounts.
